

## Medium Lights

### #2410 STEALTHLITE™ RECOIL LED

The Stealthlite™ Recoil LED is made of unbreakable corrosion proof Luxan material body and hi-impact (overmolded) Nylon lens. Its LED diode gives an extremely bright, white beam, which can cut through water, smoke, fog and rain making it a perfect light source for all applications. Its a highly recommended flashlight to be used within industrial and fire applications its very powerful, light weight and attachable to any work helmet. The Stealthlite™ Recoil LED has a one handed on/off switch plus a heavy duty lanyard. It includes 4 AA alkaline batteries and is submersible to 500 feet. Remember, You break it, we replace...forever.
